Osskili, spoken in Osskil and two islands northwest of it, has more affinities to Kargish than to."What did you want, Diamond?".He spent the whole afternoon in confusion, angry. Hemlock was a stickler for early abed and early afoot. But now and then Diamond had an hour or two free. He always went down to the docks and sat on a pierside or a waterstair and thought about Darkrose. As soon as he was out of the house and away from Master Hemlock, he began to think about Darkrose, and went on thinking about her and very little else. It surprised him a little. He thought he ought to be homesick, to think about his mother. He did think about his mother quite often, and often was homesick, lying on his cot in his bare and narrow little room after a scanty supper of cold pea-porridge -- for this wizard, at least, did not live in such luxury as Golden had imagined. Diamond never thought about Darkrose, nights. He thought of his mother, or of sunny rooms and hot food, or a tune would come into his head and he would practice it mentally on the harp in his mind, and so drift off to sleep. Darkrose would come to his mind only when he was down at the docks, staring out at the water of the harbor, the piers, the fishing boats, only when he was outdoors and away from Hemlock and his house..apart with the palm of his hand..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (56 of 111) [2/5/2004 12:33:31 AM].Long he lay, forgetful of bright fame and brotherhood,.Leave to our wings the long winds of the west,.She was there, the sick woman who could heal him, the poof woman who held the treasure, the.her, and the cat dreaming, and the fire flickering. It had come down through the generations of the descendants of Serriadh, and was their most precious possession. On it was carved a figure written nowhere else, the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on Karego-At.."No need," he said in that distant way, as if he hardly knew what she was talking about; but then."Irian of Way, my lords," said the Doorkeeper. They were all silent. He motioned her to come.Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions.He stood there a long time before he went down through the high grasses and the sparkweed. At the foot of the hill he came into a lane. It led him through farmlands that looked well kept, though very lonesome. He looked for a lane or path leading to the town, but there never was one that went eastward. Not a soul was in the fields, some of which were newly ploughed. No dog barked as he went by. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence and leaned its head out, craving company. Medra stopped to stroke the grey-brown, bony face. A city man and a saltwater man, he knew little of farms and their animals, but he thought the donkey looked at him kindly..It struck with one huge thunderclap out of sudden utter blackness and wild rain. The ship pitched like a horse rearing and then rolled so hard and far that the mast broke loose from its footing, though the stays held. The sail struck the water, filled, and pulled the galley right over, the great sweeps sliding in their oarlocks, the chained slaves struggling and shouting on their benches, barrels of oil breaking loose and thundering over one another-pulled her over and held her over, the deck vertical to the sea, till a huge storm wave struck and swamped her and she sank. All the shouting and screaming of men's voices was suddenly silent. There was no noise but the roar of the rain on the sea, lessening as the freak wind passed on eastward. Through it one white seabird beat its wings up from the black water and flew, frail and desperate, to the north..At..I had to smile..disgusted by him. Otter had got control of his face and voice. He wiped his eyes and nose, cleared his throat, and spells woven about other buildings of the place, especially around a tall stone tower, filling the centre of the world. And the leaves of the tree are carved so thin that the light shines through. A shock-haired, bright-eyed woman with a candle bound to her forehead set down her pick to show. "She took my cup away," the Master of Iria said to the stranger, whining like a puppy, while his dogs yammered around him. "She broke it." Ivory smiled. He said nothing, but she knew how petty the doings of a village witch appeared to him, who had seen great deeds and powers. She sighed and spoke from her heart - "Oh, if only I wasn't a woman!". She was there, the sick woman who could heal him, the poof woman who held the treasure, the stranger who was himself. We cherish the old stories for their changelessness. You wouldn't ask me to pay you what I have in mind to pay you, would you. Licky came back to the barracks with them. Gelluk bade Otter goodnight in his soft voice. Licky shut him as usual into the brick-walled room, giving him a loaf of bread, an onion, a jug of water. He turned and made for the shore, hasty, careless where he set his feet and not caring if he broke the silence by splashing and breathing hard. He slogged back up the path through the reeds till he reached dry ground and coarse grass, and heard the buzz of midges and crickets. He sat down then on the ground, rather hard, for his legs were shaking. "I know Tarry thinks I do." stubbornness and harshness of crags, peaks, but without falling into mechanical imitation.
