One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The last two days he spent riding out to scattered groups of cattle that had wandered up towards the feet of the mountain. Many of them were not infected yet, and he could protect them. The hinny carried him bareback and made the going easy. But there was nothing left for him to eat. When he rode back to the village he was light-headed and weak-kneed. He took a long time getting home from Alder's stable, where he left the hinny. Emer greeted him and scolded him and tried to make him eat, but he explained that he could not eat yet.
