We passed a number of half-empty bars, shopwindows in which groups of mannequins apparently on contact with air. She sat down and, touching the glass with her lips, casually asked: "Oh I see," Rose said after a moment. "But I don't see why you ran away." the larder, ate an apple quickly because he was hungry, and took his staff. "I could teach you how to do that for yourself," the wizard said, smiling, watching Otter rub and flex his aching wrists and work his lips that had been smashed against his teeth for hours. "The Hound told me that you're a lad of promise and might go far with a proper guide. If you'd like to visit the Court of the King, I can take you there. But maybe you don't know the King I'm talking of?" She looked round, and he looked up. Both knew that Gelluk had sensed something, had wakened. He told Birch that he had received a sending from his teacher on Roke, the Master Hand, and must go at once, on what business he could not say, of course, but it should not take long once he was there; a half-month to go, another to return; he would be back well before the Fallows at the latest. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen. "Hello, little namesakes," he told them when he was alone with them. "You and the cheese money will get along nicely." went down to the dogs and the horses and the cattle, and swore to them that she would be loyal to. He stopped before an oak door. Instead of knocking he sketched a little sign or rune on it with the top of his staff, a light staff of some greyish wood. The door opened as a resonant voice behind it said, "Come in!" "Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young..." That had always been his word for evil doings, spells for gain, curses, black magic: "sticky stuff." "He's not too well," she said, speaking low. Emer had asked, showing her round, strong arms, her hard, red hands. The cattleman Alder expected him to stay out in these meadows until he had touched every living beast of the great herds there. Alder had sent two cowboys along. They made a camp of sorts, with a groundcloth and a half tent. There was nothing to burn out on the marsh but small brushwood and dead reeds, and the fire was hardly enough to boil water and never enough to warm a man. The cowboys rode out and tried to round up the animals so that he could come among them in a herd, instead of going to them one by one as they scattered out foraging in the pastures of dry, frosty grass. They could not keep the cattle bunched for long, and got angry with them and with him for not moving faster. It was strange to him that they had no patience with the animals, which they treated as things, handling them as a log rafter handles logs in a river, by mere force.. "Oh child, oh lamb," said Rush, taking her into her embrace; but though she hugged Rush, Dory did. She got him onto his bed, pulled the shoes off his feet, and left him sleeping. Berry came in late. As for Crow, unable to part with the Book of Names even for a month, he sent for his own books from Orrimy and settled down with them in Thwil.
